**Environment Department, Molycorp to Supply 110 Energy-Efficient
Wood Stoves to Qualified Questa Villagers**

(Santa Fe, NM) — The New Mexico Environment Department (NMED) Secretary Ron Curry will join Molycorp officials, Questa Village Mayor Charlie Gonzales and other elected officials in Questa on Monday, October 17, to supply U.S. EPA-certified energy efficient wood stoves to qualified Questa villagers.

The event will take place at 1 p.m. at the Village of Questa Administration Office on Monday, October 17.

The stoves are the result of a settlement between NMED and Molycorp to reduce air pollution and replace old wood stoves with more energy efficient units.

“This is a win-win for NMED, Molycorp and the people of Questa,” Secretary Curry said. “With energy bills predicted to sky rocket this winter, more efficient wood stoves that put out less air pollution will make everybody’s lives a little bit more comfortable this winter.”

For more information, contact Adam Rankin, NMED Communications Director, at (505) 827-0314.
